

Now in employee drug screening

Think Outside the Cup[®]

Lab-based oral fluid drug testing —
a smart alternative for workplace drug testing

- Maximize Productivity
- Eliminate Tampering
- Maintain Laboratory Confidence
- Deliver Oral Fluid Convenience

The Hire Standard

Intercept[®]

Oral Fluid Drug Test

THINK OUTSIDE THE CUP®

With Oral Fluid Convenience

Swab

1. Place pad between cheek and gums for 3 minutes

Snap

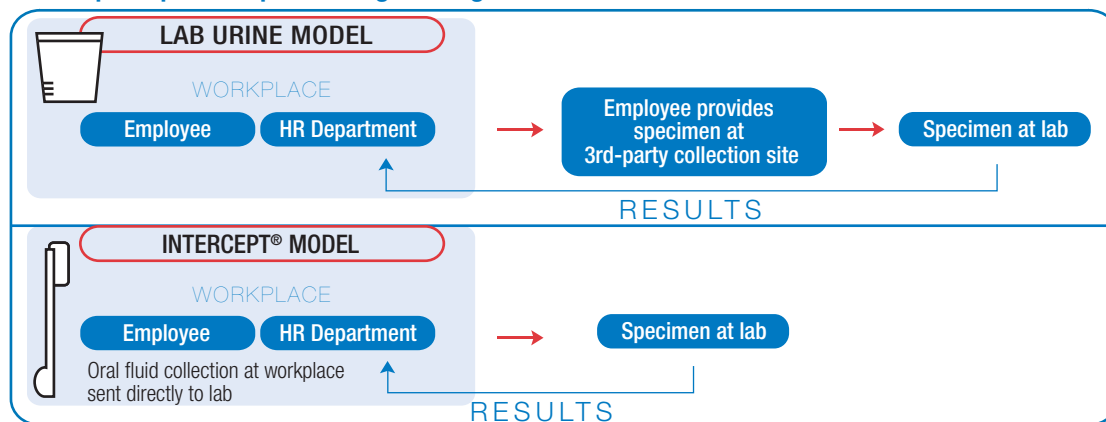

1. Insert pad in vial
2. Snap wand at scoring

Seal

1. Recap and apply seal
2. Send to laboratory

Intercept® Speeds Up the Drug Testing Process

"We've been able to bring the entire company under one oral fluid testing program for the same cost we used to do (urinalysis) in 6 divisions."

- Kevin Husted, Kroger

Intercept®—Comparable Positive Rates to Urine Testing

NIDA-5 Drug Panel	Urine Analysis	INTERCEPT®	INTERCEPT® Cut Offs
Overall positive rate	4.46%	5.06%	
Marijuana	3.17%	3.22%	1 ng/mL
Cocaine	0.69%	1.12%	5 ng/mL
Amphetamines	0.29%	0.47%	see below
Opiates	0.29%	0.23%	10 ng/mL
PCP	0.02%	0.03%	1 ng/mL

Journal of Analytical Toxicology, Vol. 26, December 2002.

Intercept® amphetamine detection includes assays for amphetamine (100 ng/mL) and methamphetamine (40 ng/mL) **AND ALSO DETECTS ECSTASY.**

Additional Intercept® assays available: barbiturates, benzodiazepines, and methadone.

THINK OUTSIDE THE CUP®

To Keep Your Business Running

Intercept®—Give Up Collection Hassles, Not Reliability

Maximizes Productivity

- Hire employees faster
- Keep employees on the job, minimize lost work time
- Avoid scheduling inconveniences and fees of urine collection

Maintain Laboratory Confidence

- Proven laboratory process comparable to urine testing
- Detects NIDA-5, including Ecstasy
- 24-hour reporting on negative results; 72-hour reporting on confirmed positives

Eliminates Tampering

- Direct observation prevents sample tampering
- Reduces opportunity for use of adulteration products
- Certified laboratories follow strict chain of custody

Deliver Oral Fluid Convenience

- Speeds up and controls the collection process
- Preserves employee dignity with noninvasive collection process
- Collection can be done virtually anytime, anywhere

“We improved our privacy issues; took away the adulterants; don’t have to close off a restroom; and it’s a better use of our management.”

- Dennis McKinney,
Moen

Intercept®—Laboratory Confidence With Oral Fluid Convenience

	INTERCEPT®	Urine
Days to results for applicant testing (average)	1 day	2-5 days
Time off the job for collection (average)	Under 15 minutes	30-90 minutes
Ecstasy confirmation included in standard panel (NIDA-5)	Yes	No
Prevents tampering, dilution, or masking agents	Yes	No
Certified laboratory analysis	Yes	Yes
Training and certification for collection personnel	<1 hour, CD-based, very easy for existing employees	1-day seminar, many variables on diluted, adulterated or substituted samples

Ask about our training program! A comprehensive training program is available to all staff involved in the collection process to ensure proper procedures and provide support.

Intercept®

Oral Fluid Drug Test

Intercept® tests are performed under chain of custody by laboratories certified for SAMHSA federal programs.

Intercept[®] — Made for Business

Think Outside the Cup[®] with oral fluid convenience

- Eliminate Urine Collection
- Increase Productivity
- Maintain Laboratory Confidence
- Deliver Oral Fluid Convenience

“With Intercept[®], collections are quick, very easy to observe and we like the fact that people can’t cheat the test. It also allows us to collect the sample on the spot, eliminating the wait and allowing us to get people on the job faster.”

- Kim Calvert,
Georgia Tech Hotel and Conference Center

“Since implementing oral fluid testing, not only have we saved ~\$142,000 this year, we have also increased our number of positive tests for post accident by ~3%, as well as reasonable suspicion which has increased by ~18%. These two areas, I feel, are our most critical areas of testing since both of these groups pose an immediate danger to the safety of themselves and others.”

- Glenita Hardin,
Publix

Intercept[®] clients report faster turn-around on new hires and less downtime for existing employees. Intercept[®] drives huge bottom-line and productivity improvements.
